

The BTR – BGG Class, Brake Goods Guards (Van), No. BGG 601

Queensland Railways had a variety of Brake Vans in numerous configurations.
The BTR has a freelance configuration that draws on the features of some of those.

Some examples of the variability in side views.

Common to all, is the Guards "Look-Out".

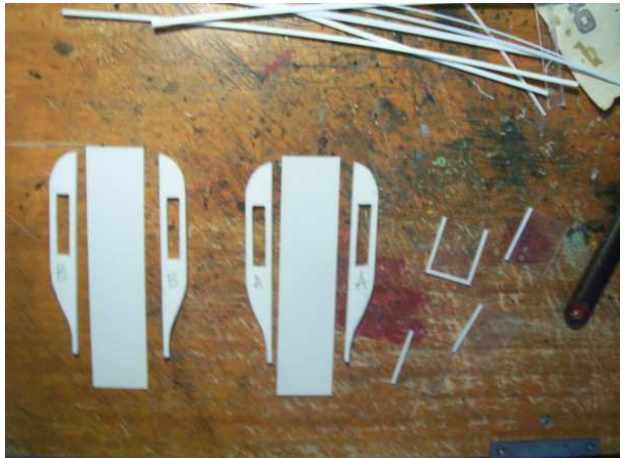

In some types the MIX of Goods to Passenger areas was adjusted for the likely service required.

Modified a USA type Box Car changing the roof, adding windows, Passenger door & Guards Look-Out.

USA type Box Car with Curved Roof added.

Guards Look-Out under construction.

The BTR – BGG Class, Brake Goods Guards (Van), No. BGG 601

Window cut-outs prior to trim & glaze.

Look-Out sheathing being added.

Passenger compartment end.

Goods compartment end.

Geof's model of the BGG 601 completed.
