

The FTP Class wagon, 2 plank, open Ballast wagon

A variant of the F Class, this is the **F Two Plank (FTP)** Class and used for Ballast work.

A weathered version, two fettlers patch ballasting.

Slit pine for planks, pins, cork board pins, buttons, styrene W frames, ends of cloths pegs as journals.

The only model rail purchased items are the wheels.

The brake shoes are 1/8 segment out of 32mm Diameter PVC pipe on a styrene hanger bar.

This freshly painted wagon ready to convey ballast.
