

The BTR Locomotive Servicing area.

The Engine Shed formerly at Tabletop Station is a heritage listed building, consequently it was decided to relocate it to Shenanigan's Wharf precinct.

Old location of Engine Shed, new line deviating to the South, four track station and yard precinct looking West.

Transition track work from Tabletop Station to Shenanigan's Wharf and **new location** for Engine Shed.

New location for Shenanigan's Wharf Station building. Middle road is for through running of trains. Bypassing Goods Shed & Shenanigan's Wharf Station.

New location for Shenanigan's Goods Shed [trial fit]. New location of Engine Shed & servicing facility. Seen far right here.

The BTR Locomotive Servicing area.

The Engine Shed and serving facility is now situated along a new siding at the Western end of Shenanigan's Wharf. Here a water tank, coaling crane and bins & yard staff office will be incorporated in this area.

More photos will be added here as items are located .
