

The BTR - Shenanigan's Wharf

The wharf has direct access to the open sea.

The wharf deck was originally timber decking.

Busy scenes at Shenanigan's Wharf

Timber decking was replaced with Concrete.

Station & Goods Shed viewed from the Wharf.

While there are three tracks here, only one track is on the wharf itself.
The middle road is for trains to pass through the Shenanigans precinct.
The inner road serves the Goods Shed.

Bollards are yet to be installed to the wharf edge.

Hawsers will hold ships to the wharf.
