You are invited to join the Chicagoland Association of S Gaugers for the Fall S Fest 2018. This will be an exciting weekend of S gauge, 1:64 scale model railroading! The Fest truly encompasses ALL of S: Scale for "Narrow-Minded" and Standard gauge devotees, Hi-Rail, Tinsplate and American Flyer. Clinics, on-site layouts, a model contest, manufacturer displays, display tables, home layout tours, train races, a family program, movies, a hospitality room; all this and more will once again show the tremendous diversity that S has to offer all of model railroading and toy trains. From collectors to rivet counters, we have something for everyone to enjoy! This November the Fall S Fest is returning to the Chicago area, where it all began. The venue is the easy-to-get-to Georgios Quality Inn & Suites Conference Centre in Orland Park, IL. Come experience the "The Very Best of Everything in S" with fellow S enthusiasts from around the world. Don't miss the 39th consecutive year of "something to do with all our S gauge friends in the fall."
