First run date Dec. 12th
Last run date January 10, 2010

A few comments:

- New experience for both us and them
- They do get some Christmas parties booked; guess is local business
- Run days will be as follows: Wednesdays – 5-9pm
Fridays – 5-9pm
Saturdays – 2-9pm
Sundays – 2-7pm

Plus we will accommodate parties. If they fall on above days, we will adjust hours. If they fall on off days we will add (Mon, Tues, Thurs.)

Set Up: December 10th & 11th

Older one gets, longer times are better. Should be okay with Fred Neal, Bob Beare, Larry the trailer man and myself. Hoping to use platforms super Larry supervised and darn near died doing. Size will be 8'x 20'. They have a place just Jim Dandy for it. Any bigger and the waitress will probably want to harm us in some unforeseen way.

More: They will advertise this endeavor and hope to have a Santa now and then too. They want us to do this just as much as we want to do it.

Therefore: If our past shows, the mall, Longwood, or whatever hasn't moved you, try a day or two at this. Bring your own trains to run if you do desire. If not, there will be something on the tracks.

Not to be nasty: This is a restaurant with a bar and liquor store. So a gang sitting around is not the order of the day. You by yourself or with a buddy to a total of 4 should be okay and out of their way. Therefore, I only think a schedule and a phone call would be in order. Get okay or pick another date. Hope to have a 1600 and 1500 track if not then definitely a 1500 and an 1100. It's not the size that counts but the motion. Hope to hear from you or at least Santa.
