Index of SLO Trains From Jan. 1999 to Dec. 2002 By Issue

By Terry N Taylor

Following is the index of all 48 issues of SLO Trains from January 1999 (Volume 11 # 1) thru December 2002 (Volume 14 # 12). While there was a combined July August 1999 issue (Volume 11 # 7) thus making 11 issues that year, there is an extra issue in 2001 (August Supplemental) for the Listing of Railfan, Rail Historical & Modeling Meetings in the Central California Area. At an average of 10 pages an issue, there are about 500 pages and nearly 1000 line items in the index. This index is by issue date. There are two other indices by author and by title. I hope these prove useful to you. Please advise of any errors. Thanks.
