48 INCHES

TOMIX MICRO-LAYOUT BY R. BELL ET-BELL2.DWG R.D.KERR

(ERR 9/1/2010

NOTE: LAYOUT WORKS DESPITE APPARENT GAPS IN DRAWING

This "micro" trolley layout is built on a sheet of 1/8 inch Masonite, painted with craft store paints. The track and buildings sit loosely on top. A video of it in action is posted on YouTube under the title "Tomix Micro-Layout."

Left: The layout at a club session.

Right: The layout at home.
