Public Meeting

Our public Meeting will be held on **Thursday May 16th, 2019** at the Don Owens Center on the Heritage Discovery Campus located at 100 Lee Street in the City of Buffalo. The building is located between Elk Street and South Park Avenue. It is easily accessible from the Thruway. Just use the Smith Street exit off the 190. Turn South on Smith, at Elk St turn left, then right on Lee St. Pull through the gate into the building parking lot. Use the rear entrance. There is ample free parking and the meeting which starts at 7:00pm, is open to the general public. Guests are always welcome.

Presentation

Walter Simpson, one of our members, has just published a new information-packed, beautifully illustrated book entitled "Diesel-Electric Locomotives: How They Work, Use Energy, and Can Be-

come More Efficient and Environmentally Sustainable." The publisher is Simmons Boardman Books. At our May meeting Walter will discuss the book, its contents, how he wrote it with the help of many professionals in the railroad industry, and the intrigue of unearthing confidential information about loco-

motive fuel economy. He will bring copies of his book for discount sale at his author's cost.

Please see: www.diesel-electric-locomotives.com for the books table of contents, reading list, and other information.

Walter is a local energy professional and environmental educator with a life-long interest in locomotives and railroads. From 1982-2008, he was UB's energy officer.
